Netflix Title Lockup | Choose Title

**PROJECT Netflix instructions** (https://wvm.instructure.com/courses/54604/pages/project-netflix-instructions?wrap=1)

## Project Brief

You are to create a typographic title lock-up for a fictitious Netflix movie or series. This movie/series can be any of the following genres: adventure, children, drama, fantasy, horror, humor, mystery, non-fiction, romance, or sci-fi.

A Typographic Lock-up is a typographic design where the words and characters are styled and arranged very specifically. This refers to the composition and arrangement of type. The trick is to find the best combination of visual appeal and clear communication while meeting the restrictions of any specific application.

## Process

1. Check out **Art of the Title** (https://www.artofthetitle.com/)
2. Research movie and TV series typographic title lock-ups. Pay careful attention to titles with 3 or more words.
3. Determine your fictitious Netflix movie or series title by using, **(http://www.coolgenerator.com/movie-title-generator) http://www.coolgenerator.com/movie-title-generator (http://www.coolgenerator.com/movie-title-generator)** . Titles are to be 3-5 words in length.

---

Using the Movie Generator, I selected 10 fictional movie titles out of 100 entries for my PROJECT Netflix Milestone Choose a Fictional Movie homework. I chose **“The Secrets of the Ocean”** as this project's best fictional fantasy movie title.
